

LOVEPREET SIDHU

lovepreet.sidhu3@student.kpu.ca | 778-908-3286 | <https://lovesidhuy.github.io/portfoliowebsite/> | Surrey, BC

SUMMARY OF QUALIFICATIONS

Final-year Bachelor of Technology in Information Technology student focused on Network Administration & Security. AWS Certified Solutions Architect – Associate with academic and project experience in cloud infrastructure, networking, wireless authentication, and digital forensics. Brings 7+ years of customer-facing and operational experience, including 3+ years troubleshooting consumer technology (iOS/Android, connectivity) in a retail support role, communicating technical concepts to non-technical users under time pressure. Seeking an entry-level Network Administration, Cloud Infrastructure, or IT Support role starting January 2027.

TECHNICAL SKILLS

Networking & Security Labs: IPv4/6, Subnetting, Switching, Routing, WLC, 802.1X, QoS, HA, Threats, SDN

Cloud & Systems: AWS (EC2, VPC, S3, IAM), Azure, Windows Server, Active Directory, NPS, Linux, Docker, Terraform

Scripting & Tools: Python, Bash, Boto3, SQL, Git, Wireshark, Nmap, Microsoft 365

User Support: Win/Mac, iOS/Android, Remote Support, Hardware Troubleshooting, CRM/POS, Device Imaging

Professional Strengths: Communication, Troubleshooting, Documentation, Training, Teamwork, Adaptability

EDUCATION

Kwantlen Polytechnic University

Sep 2022 – Dec 2026 (Expected)

Bachelor of Technology, Information Technology | Specialization: Network Administration & Security

Relevant Coursework: Cloud Computing, System Security, Networking Technologies, Digital Forensics, IoT Systems

Certifications: CCNA: Introduction to Networks (Sep 2026), AWS Certified Solutions Architect – Associate (Nov 2024) | AWS Cloud Practitioner (Feb 2024)

PROJECTS

802.1X / EAP-TLS Authentication Lab | lovesidhuy.github.io/portfoliowebsite/wifi_radius_security_report.pdf Feb 2026

- Built a lab-based WPA3-Enterprise authentication environment with Windows Server NPS, Azure VMs, Active Directory, and AD CS.
- Configured 802.1X/EAP-TLS authentication and analyzed RADIUS traffic with Wireshark and Windows Event Logs.

Tools: Windows Server 2022, Active Directory, NPS, RADIUS, EAP-TLS, 802.1X, Wireshark, Terraform, Azure, AD CS

STaaS Cloud-Based Smart Drive | github.com/lovesidhuy/STaaS-Cloud-Based-Smart-Drive

Dec 2025

- Built an AWS lab environment with VPC segmentation, NAT gateways, bastion hosts, and least-privilege IAM for controlled access.
- Automated AWS deployment/configuration tasks with Python (Boto3) and packaged frontend/backend services with Docker; tested deployments.

Stack: AWS (VPC, EC2, S3, IAM), Spring Boot, Docker, MongoDB, Python

IoT Patient Monitoring & Alert System | github.com/lovesidhuy/Smart-Patient-Control-System

April 2026

- Built an embedded C++ prototype simulating temperature, heart rate, and motion data for patient monitoring.
- Integrated LCD diagnostics, alert overrides, nurse-call logic, and servo locks; tested nine alarm and fail-safe scenarios.

Tools: Embedded C++, Arduino, Tinkercad

WORK EXPERIENCE

Porter | Vancouver Coastal Health

Oct 2022 – Present | Vancouver, BC

- Coordinate time-critical logistics and patient transport across 30+ acute clinical departments, adapting in real time to emergency responses and shifting priorities while maintaining strict adherence to patient safety, privacy, and infection control protocols.
- Troubleshoot recurring equipment malfunctions and train incoming staff on facility layout, safe handling protocols, and dispatch workflows to ensure shift continuity; maintain chain of custody for sensitive medical assets, including diagnostic specimens and blood products.

Sales Representative | Bell Canada (Authorized Dealer)

Apr 2018 – Aug 2021 | Surrey, BC

- Diagnosed iOS/Android hardware, software, Wi-Fi, Bluetooth, and connectivity issues for 20+ daily clients with a high first-contact resolution rate.
- De-escalated billing/service disputes with empathy while maintaining 100% record accuracy using CRM and POS databases.

VOLUNTEER

Cystic Fibrosis Canada Foundation – Event Support Volunteer

May 2025 | Burnaby, BC
